LOCAL IN GLOBAL

International simulation game on participation and sustainable development

26/02 – 04/03/2016 in Krzyżowa, Poland

CALL FOR APPLICATION

Project Summary

- ❖ Date and location: 26/02 – 04/03/2016 in Krzyżowa, Poland
- ❖ Target group: 30 activists, educators, students, teachers and youth workers
- ❖ Topics: sustainable development, development of rural and structurally weak areas, activation and mobilization of civil society actors
- ❖ Participants from: Armenia, Bulgaria, Germany, Moldova, Poland and Ukraine

What is Local in Global?

Local in Global is an international training on sustainable development that involves the simulation game „Krapowa“. Participants are introduced to the concept of sustainable development and develop strategies how to act on a local level. By becoming part of the scenario of Krapowa, a small post-industrial town, and emerging into the roles of local stakeholders the participants experience real-life-situations and consequences of decisions, while trying out possible moves of participation and action.

What are the goals of the project?

The goal of Local in Global is to empower participants to effectively shape their individual living environments in a sustainable way. More specifically, the participants shall:

- acquire a deeper understanding of sustainable development
- develop own ideas for sustainable development in a safe learning environment
- network with participants from six European countries

Kreisau-Initiative
