The training will take place in the [Ecological Training Center, Riscova, Eco-Village](#). The place is 35 km from Chisinau, Republic of Moldova. The whole place was built from wood, clay and straw using different techniques of construction. Eco-village is close to the forest and offers a variety of possibilities to spend your leisure time by connecting to the beautiful Moldovan nature. The standard diet during the training will be vegetarian. If you prefer a vegan diet or have specific dietary needs please indicate so in the registration form.
