

Call for Participants - Teacher Training Seminar Cologne, 01.04. - 02.04.2022.

Past2Present4Future ("P2P4F") is a youth remembrance activism initiative of four partner organizations from Serbia, Germany, Bosnia-Herzegovina, and Croatia. Its goal was to engage young people from these countries in year-long activities focusing on remembrance and exploration of historical-contemporary dilemmas, focusing in specific on World War II and the lingering legacy of National Socialist crimes in Europe.

During the project, young people created new Memory Walk short films, as well as a short documentary following their discussions and experiences throughout the project. ***We are organizing this teacher training seminar in order to present teachers with new lesson plans and history education materials created by young people, for their peers.***
